ADVERTISMENT

YORK UNIVERSITY

Faculty of Administrative Studies
Management Information Systems

Applications are invited for a tenure-track position, preferably at the Assistant professor level, in Management Information Systems (MIS), commencing July 1, 1991.

Applicants must have a strong research thrust and a commitment to teaching excellence. Qualified women and men in all areas of MIS will be considered. The successful candidate will have considerable opportunity in development of research and teaching programs in the MIS area.

York University's Faculty of Administrative Studies is the largest graduate business school in Canada, offering PhD, MBA, and BBA degrees. Its location at the centre of Canadian business offers opportunities for consulting and applied research.

Please send resume and names of three references to: Prof, R. Irving, Faculty of Administrative Studies, York University, North York, Ontario, Canada M3J 1P3 [Telephone (416) 736-5074].

York University is implementing a policy of employment equity, including affirmative action for women faculty. In accordance with Canadian immigration requirements, this advertisement is directed to Canadian citizens and permanent residents.
